

AVIGILON™ H6 MINI DOME CAMERA

Small Yet Mighty, Powered By AI

The Avigilon H6 Mini Dome brings an exceptional level of protection to indoor spaces with high-resolution images. Available in 2, 3 and 5 MP, the H6 Mini Dome delivers a wide field of view and efficient bandwidth management in a compact design. An ideal solution for retail, commercial, hospitality and general indoor applications that require a small footprint, fixed lens camera without compromising on interior aesthetics.

NEXT-GENERATION VIDEO ANALYTICS

Detects more objects with expanded object classifications and greater accuracy for faster responses, even in crowded scenes.

ONVIF® CONFORMANT

ONVIF Profile S and T conformance enables easy integration with existing ONVIF infrastructures. Profile G conformance supports search, playback and retrieval of recordings on the edge.

H.264 & H.265 HDSM SMARTCODEC™ TECHNOLOGY

Optimizes compression levels for regions in a scene to help maximize bandwidth savings and keep internet connectivity costs down.

QUICK & EASY INSTALLATION

The camera's modular design allows it to snap into various indoor mounting options for fast and simple installations.

WIDE FIELD OF VIEW

Provides superior situational awareness of a facility with two fixed lens options available: 2.9mm and 2.4mm.

FIPS 140-2 COMPLIANT

Brings increased data security with FIPS-compliant cryptography enabled on the cameras.¹

For more information, visit the [avigilon.com/h6m](https://www.avigilon.com/h6m)

¹ Optional purchase of FIPS Level 1 camera license or CRYPTR microSD hardware-based encryption and key management for FIPS Level 3 support and certification.
